

## Existing Mortgage Customers – Residential

As an existing mortgage customer we will offer you better deals than those offered to new mortgage customers when your current deal ends. If you need to borrow more you can do so on the Further Advance and Top-Up products shown below. Top-Up products are only available to existing mortgage customers borrowing additional funds when purchasing a new property.

### Why Metro Bank for mortgages

- Customers switching to a new deal can choose from our best rates with no fees.
- Customers can switch to a new deal up to 3 months prior to the end of their current deal without any Early Repayment Charges.

### Early repayment charges (1% for each year of initial rate remaining)

You can pay back the capital part of your loan by making "overpayments". These are amounts in excess of your monthly mortgage payment. An early repayment charge may apply if you make overpayments whilst you are paying the initial rate on your mortgage. Where this does apply, an early repayment charge is payable if the total overpayments in any one year exceed 20% of the amount which you borrowed. The early repayment charge is a percentage of the repaid amount, calculated as follows:

Years left on initial rate	Between 4 and 5	Between 3 and 4	Between 2 and 3	Between 1 and 2	Less than 1
<b>Early Repayment Charge - calculated as a percentage of amount repaid early.</b>	5%	4%	3%	2%	1%

Should you decide to repay your loan early, please contact us to ascertain the exact level of the early repayment charge at that moment.

Bank of England Base Rate, currently 1.25%.

\*\*"Loan to value" is the amount you want to borrow described as a percentage of the total value of the property.

\*\*The APRC is calculated using the following scenario: property value of £600,000, a further advance of £25,000 and a product switch is applied to an existing mortgage balance of £286,500. The mortgage has a 20 year term and is repayable on a capital and interest only basis. Fee total of £544 are not part of the loan amount. For mortgages between £1m and £10m the APRC is calculated using the following scenario: property value of £4,000,000; a further advance of £100,000 and a product switch is applied to an existing mortgage of £2,000,000. The mortgage has a 20 year term and is repayable on an interest only basis. Fees total of £7,145 are not part of loan amount
